Team Blame A vibrant, bright, colour ball game, using the unique 'Color beat' system. This game takes a brief look at the growth of a couple, the newly married couple, that could hardly be happier with each other, and the depth they end up going through as they grow in their marriage. In the end, we see how their life unfolds, how they keep each other afloat in a sea of choices, decisions and family. The couple is married for 6 months and they're keen on exploring the world around them, to take more interest in other people's lives. This could be a cool couple of stories, but we leave it up to you to do the rest. Love, game-play, and scenery. A game about friendship, growing a friendship, but also about how people develop as individuals. How one life can be lived with another person, develop a relationship together, their personalities, habits and habits change, and influence each other's decisions. It's a game where you'll have to find out what's more important to you, and what each of your friends values. This can be a romantic, tearjerker story about finding your way in life and how love can be a necessity to be achieved. It could be a comical story, maybe about a couple that travel the world to get the most out of their friends, in the process making the odd mistake, and struggle to communicate. The game can also be about how much trouble is best c9d1549cdd
