A Nippon Ichi Software press release

The next PlayStation® 2 title – "Tomei: The Legend of Rebirth" – will be released by Nippon Ichi Software America/Caviar on November 21st. The classic RPG reaches a new generation with exciting enhancements on the Playstation2 platform. "Tomei: The Legend of Rebirth" offers an unprecedented gaming experience with a gripping storyline and exciting gameplay. In the beginning it was reality. Years have passed, and more events unfold. The mysterious past of Saint Giorgio has been explained in an amazing way. Now, the Legend continues, as the decision of fate takes on a critical turning point. Nippon Ichi's next import RPG has been produced by acclaimed RPG creators Yoshie Fujiwara and Shiiro Sugiura – the creators of "Shinobi" – and writer Hitoshi Akamatsu, the well-known "The Sand of Time" author. The development team combines both Capcom and Ichi Software's deep RPG experience and over 35 years of Nippon Ichi Software experience to create a unique RPG experience for today's gamers. It is the perfect blend of gaming and story, providing an intense action adventure with more content than any RPG to

"It's all about action and growth. You play RPG-action game in third-person perspective. You advance by gaining EXP points and restoring BP. Your strength, agility, and focus are shown on your level bar. You can use two active skills, two passive skills, two armor, weapon, and magic accessories. You can equip one Armor, one Armor, one Weapon, and three Magic for the start. You can equip up to eight armor, eight weapon, and three magic accessory at each level. It takes time to learn each skill. The skills are different from PS3 and Xbox 360. You can upgrade your weapon and armor. You can increase your strength by mining and use specific processing after you gather certain materials. All the battle animations are shown clearly. You can not only see what enemies you are about to fight, but you can also see their skills and attacks. You are obliged to think of enemies' attack patterns to prevent yourself from being hurt. You need to reach the highest level of a star, which will unlock different types of equipment, to be of help to other players. If you are hurt, you will be attacked by monsters and non-player-characters. Being able to fight to protect yourself will help you not only combat but also restore your

stamina and health. You can use the location compass to move away from monsters and dangerous places. If you are hurt, you will feel a pain in your body. You can drink to recover your body, regain health, and prevent yourself from being hurt. You can have up to three different HP. You can increase your strength, agility, and focus by mining and using specific processing after you gather certain materials. There is a cover feature in the game. You can use the cover to avoid attacks and fight enemies more safely. Cover increases your defense and your attack level. You should use the cover to hide behind a wall or cover, and get closer to the enemies to use a better attack. You can use the map to provide help to other players. The map can also be used to plan new places to go to, attack places, and teleport to your friends. The game allows you to change your partners, where you can use the weapons, armor, and magic accessories of your partners to fight or make attacks. If you do not have a partner, you can use the menu to select a partner and create a partner. You can join the party with your custom partner. You can use the item backpack to carry items to your partner's back. bff6bb2d33
