The official site of the NHL, featuring the official online store, league information, schedule, and news.Q: Google Maps API after authentication I'm new to Google Maps API. I can authenticate a Google map API through the map.set("apiKey", "my-key"); and use the Map's getCenter method. I want to know the way to get the center after I authenticated a Google map API. Or Can I use the Google map API without authentication? Can I use the Google map API on existing data without authentication? Thanks in advance! A: Yes, you can use the Google map API for free without authentication. Just add & d0c515b9f4
