A few years ago I bought my first Dell PowerEdge 2140 chassis type is based on 2U standard, the Dell PowerEdge 2140 server package includes . (201))On Saturday night, in an otherwise unremarkable segment of the Premier League’s meaningless “winter window”, Chelsea set an interesting record. After wins against Red Star Belgrade and Viktoria Plzen this week, the Blues saw one of their biggest ever home wins against

an already relegated side. After destroying teams for home goals this season, Chelsea now have a set of returns from teams that finished outside the top two in England's top league - including three wins in the top four, three in the bottom four and three more in the bottom three. Over the last two seasons, Chelsea have been accused of playing "bend but don't break" when it comes to spending. Yes, the club were criticised for the players they brought in and money they threw at them - particularly when it came to their overly-gifted model of developing players and selling them. In times of doing it the Chelsea way, spending is what you do and not what you don't. But looking at Chelsea's returns from the winter window this year, it is clear that even the club's detractors know it is a club that excels at being good in unexpected ways. Chelsea now have 69 Premier League wins at Stamford Bridge - 29 more than Manchester United and only nine fewer than Manchester City. They are already one of the best home sides in the history of the league, and they have a very good idea of what it
