Go to room and try to solve the puzzle. In the end you will be able to get out of the room. If you find a solution of the puzzle, the girl will be pleased and give you a point. If you are stuck on the puzzle, you can continue to other rooms. If you find the solution, the game will be over and you will be able to see the result on the game score. If you are in room 3, then game over, and you will be moved to room 4 automatically. So, this is a way to escape the room. You can use hint and find on the screen to solve the puzzle. And the room is filled with many different objects. The score is used to see what kind of items you've found. 1. Collapse city apartment from scratch. 2. Move all the objects to put them back in the right place. 3. Escape from the room to the exit. 4. Then you will see the aim of the game, the score of the game and your progress on the map. 5. And after this you will have played 12 mini-games and you will be ready for the final one - the game itself. 6.At the end, you will see the result. You can edit the game to change your environment and equipment. And you can extend the number of levels that you can play! Game is not finished yet. "Mission" is the classic adventure game in which you have to escape from a strange prison. To escape from the prison, you must solve numerical puzzles and other logical tasks. If your goal is not achieved, you will have to escape from the room one by one. You are in the middle of some competition for the title of the best DJ. You are invited to perform a set for your favorite DJ, but just before that you receive an invitation to his deathbed. It was not such an invite that should cause you anxiety. Since he's sick and only expected to live for another six months. You also know that you have to give him a farewell set and you could think of a good idea. In this game you will have to immerse yourself in each of the 5 rooms that you will get to visit. In each of the rooms you will play a minigame using the 3 buttons. The buttons are: Play, Record, and Stop. You will have to solve a minigame to complete your set. The minigames are the following
