About the Designer Hailing from Los Angeles, stylist Isa García founded Isa Missoni in 2009 with a focus on romanticism, rich textures, and modern classics. Isa's creative process is influenced by the Italian countryside, where her designs are handmade in a small town in the Italian Riviera. Her collections are expressions of refined simplicity and soft femininity. See all Isa Missoni reviews REVIEWS & RATINGS I am a die-hard fan of Isa Missoni, but I hated this dress. I wore it once in Mexico, and it didn't fit well. It made me look skinny, I felt like a stick in the wind, and it was too warm for the location I was in. I hated it so much I sent it back. I've worn this style dress more times and I've found that it fits well (however, I do think the back is a bit short). I'd suggest going one size up and if you are thinking of wearing it in the summer, take a thicker fabric. I was already wearing a Missoni gown so I bought this to wear on my birthday to a tennis party in the mountains on a beautiful day. It was SO NOT what I expected. The dress was heavier and not especially figure flattering. I returned it to the store. The delivery was very prompt, so the return cost was negligible. My husband got me this as a gift because he thought it would look nice on me. I fell in love immediately. It is a modern, wearable, timeless dress that can be dressed up or down. It is fitted and very figure flattering. The dark shades compliment my olive complexion and make me look less sallow than I actually am. I wear this dress every day. This dress is always a great basic piece to have! I like the way the zipper sits just above the curve of your bust. It's not too low for a typical day but still covers your underboobs for a sexy, casual feel. It's also lightweight and flexible so it doesn't cling to you.Q: Show that if x is a solution to $a^3+ab^2+b^3=0$, then $ax+b^2x+b^2=0$ has a root.
